Sprint-1 Test Cases

Date	08 November 2022
Team ID	PNT2022TMID51524
Project Name	VirtualEye - Life Guard for Swimming Pools to Detect Active Drowning
Maximum Marks	8 Marks

The screenshot shows a web browser window with multiple tabs open, including WhatsApp, High Quality Facial Recognition, and several instances of Virtual Eye. The active tab is the Virtual Eye registration page. The page has a dark header with the 'Virtual Eye' logo and navigation links for Home, Login, and Register. The main content area features a large blue eye icon at the top. Below it are three input fields labeled 'Enter Name', 'Enter Email ID', and 'Enter Password'. A black 'Register' button is positioned below these fields. There is a placeholder text '[[pred]]' and a link 'Already have an account? Login' at the bottom of the form.
